

When reliable starting power is a priority, ACDelco Batteries are the answer. Laboratory-tested, field-proven and backed with outstanding warranty coverage, ACDelco Batteries set the standard for performance.

SIGNS THAT A BATTERY MAY NEED TO BE REPLACED

Ask your Certified Service expert to inspect your vehicle's battery if you experience the following signs of wear:

- Engine will not crank
- Battery runs down easily
- Battery will not recharge
- Corroded terminals
- Cracked/Broken cover or container
- Frequent slow-speed or short-distance driving

ACDelco Professional Series Automotive Batteries are the ideal choice when a replacement battery is needed. Available in 18-, 30- and 42-month free-replacement warranty periods, these batteries meet virtually all Original Equipment specifications. Maintenance-free, 100% pressure-tested against leaks, manufactured to resist corrosion and backed by outstanding warranty coverage, ACDelco Professional Series Auto Batteries set the standard for performance.

ACDelco PROFESSIONAL RED

- 18-month free-replacement warranty¹
- Terminal design that **resists acid leaks, seepage corrosion and black post**
- **Robust envelope separators**
- Premium technology in the metal alloys (lead calcium as opposed to lead antimony), chemicals and design are combined to **ensure long-life performance**

ACDelco PROFESSIONAL SILVER

- 30-month free-replacement warranty¹
- Terminal design that **resists acid leaks, seepage corrosion and black post**
- Impact- and break-resistant plastic case for durability, including robust separator envelopes for **longer battery life**
- Intelligent use of lead and acid provides optimal blend of cold cranking amps and reserve capacity for **outstanding performance for automotive applications**

ACDelco PROFESSIONAL GOLD

- 42-month free-replacement warranty¹
- Terminal design that **resists acid leaks, seepage corrosion and black post**
- Impact- and break-resistant plastic case for durability, including robust separator envelopes for **extended auto battery life**
- Integral gas separators and flame arrestor vents **help prevent possible damage from outside sparks**
- Premium technology in the metal alloys and a higher amount of lead **create an impressive performance**, even in the coldest temperatures, and allow for more power use in a “key off” environment
