

Formulated with premium base stocks and fortified with an advanced additive technology, ACDelco® Motor Oils meet the toughest automotive standards. The resulting motor oils provide outstanding engine protection and performance for today's cutting-edge engine designs. Hot climates, cold seasons, everyday driving or heavy-duty applications, ACDelco Motor Oils provide top engine protection under nearly every driving condition.

WHEN TO CHANGE

Regular oil changes can help improve the performance and fuel economy of your car, truck or SUV. Always refer to your vehicle's Owner's Manual for oil change intervals for your specific vehicle.

An oil change for your vehicle might be necessary if you experience the following signs:

- If your vehicle's oil level is low
- If there are unusual noises from under the hood
- If your vehicle's oil is very dark or thick
- If the Oil-Life Monitoring System in your vehicle is approaching zero percent, or if you have driven more than the recommended miles between oil changes as described in your Owner's Manual

ACDelco® CONVENTIONAL MOTOR OIL

With ACDelco Motor Oils, you can have confidence that your customers will get the performance they expect. With oils that are formulated with premium base stocks and fortified with an advanced additive technology, you're able to deliver the highest levels of engine protection that meet the toughest automotive standards to all your customers.

- Licensed to API SN resource conserving (all grades)
- Licensed to ILSAC GF-5 performance standards (SAE 5W-20, 5W-30 and 10W-30)
- Helps protect against high-temperature deposits that can damage your engine
- Meets the highest U.S. standards for automotive engine wear protection
- Helps protect against the formation of sludge and varnish deposits on engine parts

ACDelco dexos1™ FULL SYNTHETIC MOTOR OIL*

ACDelco dexos1 Full Synthetic Motor Oils are designed with high-quality synthetic base stocks and top-of-the-line additive technology to provide maximum protection for today's modern engines.

- The second-generation dexos1 oil specification is **one of the highest performance-rated test specifications** for North American vehicles
- ACDelco dexos1 Full Synthetic engine oil is **formulated to help protect against Low-Speed Pre-Ignition**, a condition known to be harmful to turbocharged engines
- Meets the highest U.S. standards for automotive engine-wear protection to provide **top-of-the-line engine support**
- Helps provide protection against high-temperature deposits to **help reduce engine wear**
- Helps provide **exceptional low-temperature flow and pumpability to help reduce friction and wear at engine start-up in cold weather**

Mobil 1™ FULL SYNTHETIC MOTOR OIL

Mobil 1 advanced Full Synthetic Motor Oils deliver exceptional performance and protection for all driving conditions – normal to extreme.

Mobil 1 motor oils offer a full range of temperature protection: For cold starts, the oil keeps flowing as low as -40 degrees Fahrenheit, and it can withstand high oil **temperatures of up to 500 degrees Fahrenheit.**

- Licensed to dexos1 specification
- Advanced anti-wear technology for **outstanding protection of critical engine parts**
- Exceptional high-temperature stability **helps resist oxidative thickening**
- Proven to **provide outstanding cold starting, lubrication and protection from wear at low temperatures**
- **Tested and proven** in some of the most extreme driving conditions
- Designed to **maximize engine performance and protection for the life of your engine**

NATIONAL RETAIL PLAN

Help keep your oil clean with high-quality ACDelco Oil Filters. ACDelco Oil Filters obtain optimal filtering capacity by providing advanced filtering technology in each and every filter. ACDelco Oil Filters are ready to do the dirty work so you and your car don't have to.

WHEN TO CHANGE

Due to a restricted filter, a failed internal bypass or a failed O-ring seal, these problems may occur:

- Dark, dirty-appearing oil
- Low-oil-pressure light turns on
- External oil leak from the engine

You can rest assured that ACDelco Professional premium aftermarket oil filters set the standard in engine protection and keep your vital engine parts running at optimal efficiency. ACDelco Professional premium aftermarket oil filters are equipped with cellulose-synthetic blended media and designed to offer high filtering capacity for your vital engine components.

This premium aftermarket replacement engine oil filter is manufactured to meet your expectations for fit, form and function.

ACDelco PROFESSIONAL OIL FILTERS

- Equipped with **98% multi-pass filtering efficiency** at 25–30 microns for excellent filtering capabilities
- Has a cellulose media that **traps particles 1/3 the width of human hair** to help ensure a clean supply of oil to engine components
- Has a **thermosetting adhesive seal** to hold filtering media in place for **consistent, dependable filtration**
- Equipped with superior filter capacity, enhanced efficiency, consistent flow management and a **high-durability design** to provide exceptional filtering performance
